Flawless service and lavish celebration

We would also appreciate it if you could send a big thank you from us to the executive chef. The food was superb. To have the full-scale version of the meals we had chosen was great! The standard of presentation, combination of flavours and the cooking of the steaks was fantastic. So many people commented at how much they had enjoyed the food. I had an email from a friend today who said their husband had commented that it was the best steak they had ever had. That is something for over 50s!
