A menu should be about the celebration of what's good in our area and how to treat it with love and attention to make the most of local flavours and properties. I wanted to celebrate the end of this year and the beginning of the next by showcasing what we do here at The Old Bell Hotel throughout the year in one night of special feasting.

Admittedly, I have gone further afield to source some of the finest ingredients for this menu; but I believe it's a unique way to showcase all these wonderful foods at such a special time of the year.
