• Burger & lobster •

Burger & Lobster was launched in Mayfair by four schoolmates in 2011. They had set out to open a restaurant where the focus was on perfecting the craft of just one or two main ingredients. Since then, Burger & Lobster have been bringing live, wild Atlantic lobsters and prime cut Nebraskan burgers to fun and passionate personalities around the world who share their appetite for creativity. Simplicity is at the core of the Burger & Lobster concept, with respect for great food and quality service.

With nine sites in London, two in New York, two in Singapore, and a further four in Bangkok, Dubai, Genting and Kuwait City, all restaurants feature live lobsters that are flown in from Nova Scotia, Canada and beef from the cattle ranchers in Nebraska. The restaurants work tirelessly with the families that supply the ingredients to this mono-product offer to ensure the absolute best quality.
