

The background of the advertisement is a scenic view of a coastal town. In the foreground, there's a wooden building complex, likely the Rockwater venue, with a sign that reads 'ROCKWATER' and a wavy line logo. Below the sign, there are tables and chairs set up for an outdoor event. To the left of the building, there's a small car with a colorful, abstract design. In the middle ground, a sandy beach is visible with several people walking or sitting. The ocean extends to the horizon under a clear blue sky. A single seagull is captured in flight in the upper center of the frame.

WELCOME

Rockwater is guardian to some of the best views of the beachfront, offering a beautiful location to accommodate different styles of events for any occasion. We're here to work with you to curate and design your event, incorporating bespoke requirements to ensure a memorable experience. Our Roof Terrace and The Pub are available for private hire throughout the year for exclusive use.

THE
ROOF
TERRACE

Summer

In summer, the Roof Terrace comes into its own as an open, sun-filled space that blurs the line between indoors and out. The fully retractable roof can be drawn back to let in blue skies and sea air, creating an atmosphere that feels relaxed, social, and unmistakably coastal. The private balcony offers uninterrupted views across Hove seafront — the perfect setting for sunset drinks, casual conversations, or a standout photo moment.

Inside, the flexible layout allows the terrace to adapt to the style of your event. Bespoke furniture can be arranged into long banquet tables for elegant summer celebrations or configured into more informal booth-style seating for laid-back gatherings and parties. Light, airy, and effortlessly cool, the Roof Terrace provides a refined backdrop for summer events that feel stylish without ever being overstated.

Winter

During the colder months, the Roof Terrace transforms into a warm, atmospheric retreat while still retaining its sense of space and character. Fully enclosed and heated, the room offers comfort without sacrificing its connection to the outdoors. A central log burner becomes the heart of the space, adding both warmth and a soft, inviting glow that immediately sets the tone for winter gatherings.

Fairy lights bring a subtle sparkle, enhancing the cosy ambience and creating an intimate setting ideal for winter celebrations, private dinners, and festive events. The balcony remains accessible for guests who enjoy stepping out for a breath of fresh coastal air.

With a design that adapts naturally to the seasons, the Roof Terrace is the ideal location.

A modern lounge area with large windows overlooking a green field and city buildings. The room features contemporary furniture, including a large white sectional sofa, a brown leather armchair, and a round ottoman. A small table with a lamp and a book is in the center. The view outside shows a lush green field, a path, and a row of brick houses in the background.

The PUB

The PUB

Summer

In summer, the Pub comes alive as a laid-back space made for easygoing celebrations. With direct access to the lawns and outdoor patio, it's perfect for events that flow naturally between inside and out - ideal for drinks in the sun, games on the grass, and long afternoons that turn into lively evenings.

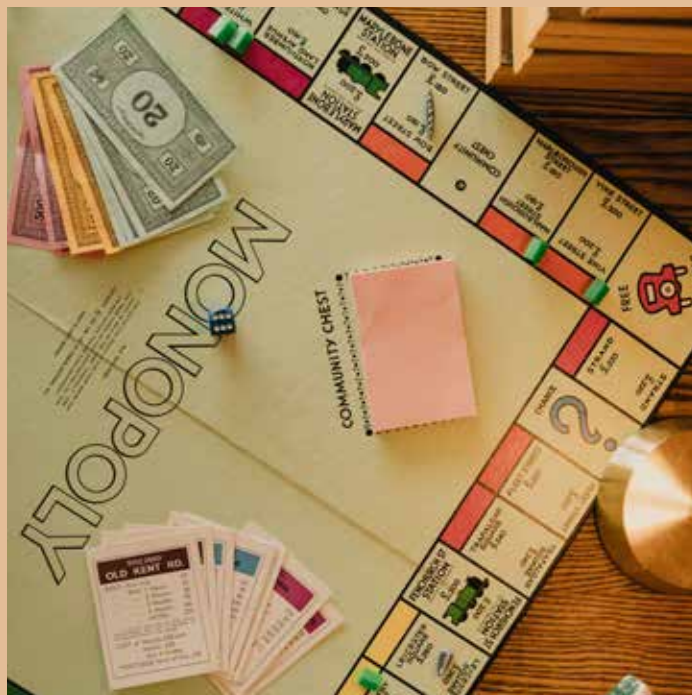

The layout is completely flexible, allowing the space to be styled around your event - whether that means open areas for dancing and mingling, casual seating for social catch-ups, or a mix of both. A private bar keeps the drinks flowing, while party-friendly features like the vintage dartboard, pool table, and screens add an extra layer of fun throughout the day.

Winter

When winter arrives, the Pub shifts into a warm, high-energy retreat that's perfect for lively indoor celebrations. A central log burner creates a cosy focal point, while twinkling lights set the tone for late nights, good music, and great company. It's an atmosphere that feels intimate but never quiet - ideal for festive parties and winter get-togethers.

The flexible layout means the space can be reworked to suit your vibe, from relaxed lounge-style seating to open floor space for dancing and socialising. With a private bar and games available all year round, the Pub keeps its fun, sociable spirit no matter the season.

EVENT DÉCOR & STYLING

FOR BIRTHDAYS, ENGAGEMENTS, OR ANY REASON TO CELEBRATE, WE FOCUS ON CREATING SPACES THAT FEEL EFFORTLESS, CONSIDERED, AND INVITING. SOFT LIGHTING, LAYERED TEXTURES, AND THOUGHTFULLY STYLED DETAILS SET THE TONE WITHOUT EVER FEELING OVERDONE.

Whilst our consciously designed spaces within Rockwater don't always need additional décor, we work with Hove Events, Bumble Tents & Events, and Lumimix to craft bespoke arrangements where desired. From sculptural balloon installations and full dining tablescapes to modern faux florals, selfiemoments, and statement light-up letters and numbers, every element is considered and intentional.

When the brief calls for something bolder, we introduce standout styling elements and immersive touches that bring the room together - always subtle, always stylish, and entirely tailored to your celebration.
