Testimonials

We were extremely happy choosing Techspace for our 40-50 people startup event. The host and service was great and the atmosphere was just what we were looking for. We will for sure book again!
Lasse Dam Jørgensen

We hosted an event here for around 40 people, and the team could not have been more helpful in helping us put together the event. The space worked perfectly, and having the mezzanine area meant that we could easily break out into less formal networking and have plenty of space for refreshments. The team were on hand throughout the day and in the weeks before to answer and help with every query I had. Would definitely use the space again and highly recommend.
Imogen Grubin

I recently hosted an event for 90 people at Techspace and it was the perfect venue! Not only were the team delightful and super helpful throughout the booking process, but the venue was spacious and met all of the requirements needed for my event! I will definitely be returning in the future!
Olamide
