ODEON LEICESTER SQUARE

LUXE CINEMA

Premiering December 2018, the newly reborn ODEON Leicester Square offers the ultimate cinema experience. The historic glamour and charm of this unique venue has been lovingly restored and perfectly blended with the latest Dolby cinema technology and our trademark ODEON Luxe reclining seats to create a new golden age of cinema in the heart of London's West End.

The technology

We are proud to have revolutionised ODEON Leicester Square into an even more luxurious and technologically advanced cinema that will continue to set the standard for generations. Our iconic premiere screen has been transformed into the first Dolby Cinema™ screen in the UK. This combines imaging that delivers a spectacular, leading-edge visual experience through the Dolby Vision

dual laser projection system and moving audio which fills the cinema and flows all around you with Dolby Atmos; to create a truly unforgettable cinematic experience.

Reclining experience

With ODEON Luxe recliner seats, you can sit back and relax in ultimate comfort as you immerse yourself in the very latest blockbuster films at ODEON's flagship Luxe cinema.
