

ST JAMES'S STUDIO

AT THE QEII CENTRE

As a purpose-built events venue, we host virtual, hybrid and in-person events including conferences, exhibitions, seminars, banqueting events, webinars, annual general meetings, and training courses.

We can integrate conferencing and collaborative tools with our own to ease you and your clients into the meeting 'revolution', taking you to the next level.

The St James's Studio has the capability to extend the life of your new online community and it can be customised and branded to include sponsors and partners.

REAL TIME STREAMING OR PRE-RECORDED CONTENT

You will present live, and stream in real time or pre-record and edit content for later broadcast. Our live streaming output is compatible with Zoom, Teams, Skype and all other main virtual

events platforms as well as your company website and social media platforms such as Twitter, Facebook and YouTube.

BROADCAST QUALITY EQUIPMENT & FACILITIES

On-site we have all the equipment you need, including HD studio and PTZ cameras, lighting and audio. We also provide a control room, with video playback and graphics capabilities and audio mixing and control facilities, for filming and editing as well as communications with those on set.

We provide robust and secure bandwidth, making it suitable for multiple event types including filming, television, award ceremonies and annual general meetings.

EXPERIENCED IN-HOUSE AV TEAM

QEI Live, our in-house AV team, are on hand to support you every step of the way from the proposal to technical support on the day. Providing a solution that fits your budget.

From studio, boardroom, staff meetings to hybrid award ceremonies, we can supply PowerPoint/ Keynote operation and content design, camera operators, vision mixing, video editing, audience response, digital branding, simultaneous interpretation, autocue and captions.

You will find our project managers enormously experienced and they will assist you through this process, every step of the way.
