# WELCOME TO THE GRUBSTREET AUTHOR

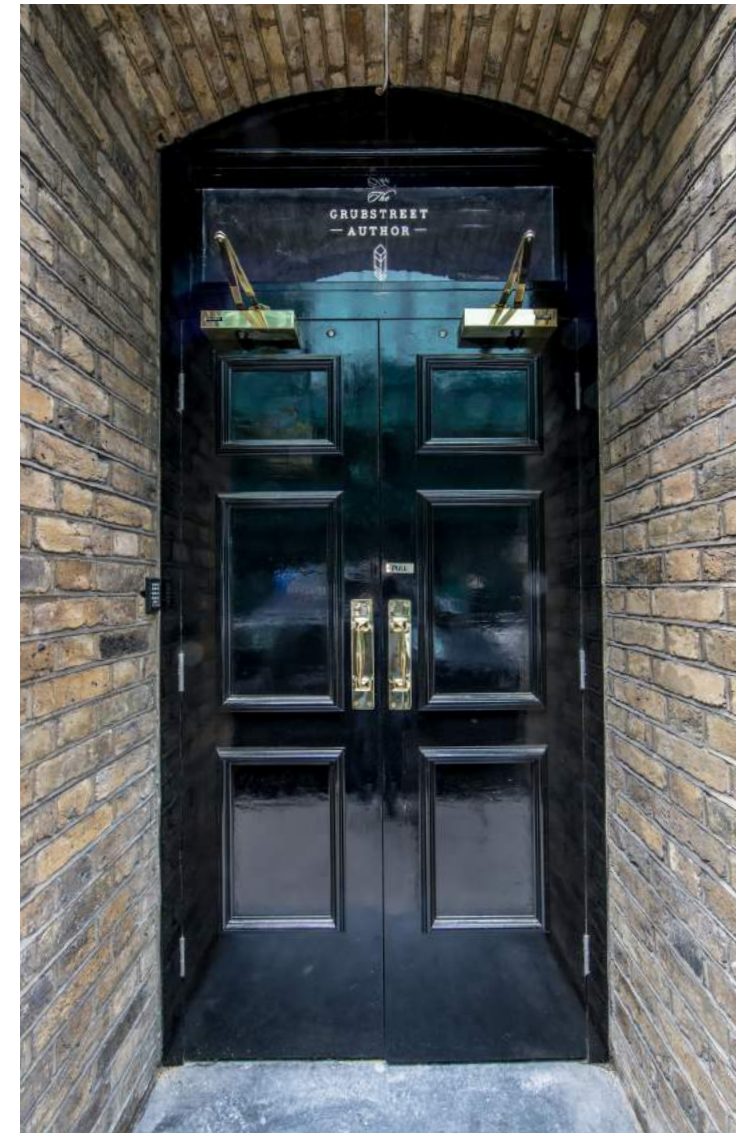

AN EXCITING EVENTS VENUE  
IN THE HEART OF MOORGATE.

The Grubstreet Author is a collection of luxurious new event spaces created and operated by the team behind London's leading event venue The Brewery.

The venue is situated on what was once the notorious Grubstreet, an area renowned for bohemian writers and industrial print houses. This colourful history has provided the inspiration for the venue, offering a setting that is full of character, rich in history whilst still catering to the needs of a modern event. The assortment of spaces allows Grubstreet to host a range of events for 20 to over 100 attendees in an environment that sparks imagination and excitement.

Dining at The Grubstreet Author is an experience all to itself with inspired cooking that thrills with robust flavours and intriguing ingredients. The passion for food is in harmony with the wine, seeing distinctive bottles paired alongside individual dishes.

As the choice for **corporate events, conferences, product launches, meetings, birthday parties, weddings** or **private dining** there is no alternative to The Grubstreet Author that can offer such exacting levels of quality and service in a truly jaw dropping surrounding.

# THE CUTTING ROOM

A 'REEL' UNIQUE LOCATION,  
HOST YOUR EVENTS IN OUR  
FULLY FUNCTIONING CINEMA  
(POPCORN OPTIONAL).

Before being lost to time, The Cutting Room was an ornate vintage cinema where workers would gather to watch a picture together at the end of a hard weeks graft. Now restored to its decorative former glory and enhanced with the latest in audio visual technology, The Cutting Room is once again a space to gather with friends or colleagues and immerse yourself in the surrounding sights and sounds.

The Cutting Room takes design hues from screening rooms of the past with beautiful tiered red velvet cinema seating and a separate lobby area for guests to gather in. The wooden panelling and soft furnishings sit elegantly alongside eye catching copper tiling and signature lighting that help set the elegant but authoritative tone of the space.

The room features fixed seating for 48 guests to enjoy screenings and meeting presentations on a huge 98 inch screen with accompanying digital surround sound and immersive LED lighting. This quirky and enviable environment will help make product launches, small conferences and company briefings the highlight of any industry event calendar.

# THE SAMPLE ROOM

FROM DRINK TANK TO THINK  
TANK, A CONTEMPORARY  
RECEPTION AREA TO LET YOUR  
CREATIVE JUICES FLOW.

In its former guise The Sample Room was an area made for invention where the latest alcoholic creations were tried and tested before being unleashed on the general public of yore. Now, with a new lease of life, this exquisitely stylish space is still an area where creative thinking is encouraged, ideas are born and the odd libation or two must still be tested (for research purposes only of course!).

The Sample Room is an atmospheric fusion of contemporary design and bold raw materials. The eye catching metallic bar with glowing neon quill sits effortlessly alongside the bricks with their muted tones and the bold herringbone floor. The luxurious fittings and furnishings help to create a space that effortlessly impresses for standalone cocktail receptions and networking events and when used alongside The Pasteur Room can provide a breakout space ideal for small exhibition stands.

# THE PASTEUR ROOM

A STUNNING 70 SEATER EVENT  
SPACE WHERE SCIENCE HISTORY  
WAS MADE.

The legendary French chemist Louis Pasteur visited the site of the Grubstreet Author in 1871 to investigate the problems of beer fermentation. The results he achieved from the on-site laboratory meant that beer was forever changed for the better, and if you're responsible for vastly improving the nation's beverage of choice you deserve to have a room named after you!

The Pasteur Room playfully juxtaposes traditional period features against raw elements that hint at the rooms' industrial past. The stunning tin tiled roof, compliments the striking herringbone floor and commanding burnt iron chandelier to perfection.

In conjunction with the creative cooking on offer it would be difficult to find a more impressive venue to host a private dinner and the setting will add character to any meeting or conference. The Pasteur Room can be used in conjunction with The Sample Room to create a separate reception space or host larger standing events.
