WHO WE ARE

Looking for the perfect place to get together, somewhere everyone can bring out their competitive side?

Get weird at Junkyard Golf Club as you battle through insane courses packed with wrestling bears, psycho clowns, crashed planes and three-wheelers.

A riotous mash-up of crazy golf, drinks and pumped-up tunes, our party playgrounds are an escape like no other!

THE COURSES

Our four themed courses take roughly forty minutes to play. There's no need to leave the game for drinks, there's a bar on each course.

Roll up, roll up! It's time to test your mettle on the creepiest course on earth. Hate clowns? Good! Face your fears through nine holes of circus freaks & fairground creeps. Check out the Ferris Wheel, Hall of Mirrors and try to avoid your worst nightmares.

BOZO

Enter a realm of Tropical Terror – scattered with the skulls of failed players, Pablo takes no prisoners. Putt through UFC bears, pirate speedboats and glitter temples. Enter the madness if you dare.

PABLO

Who can be tee'd off with Dirk? These 9-holes are set in an abandoned warehouse with distorted floors and furry walls, packed with pure retro 90s tunes. Dare to putt yourself in Dirk's acid electric chair?

DIRK

Take a trip down memory lane as you putt through disco balls & Gary's scrap metal. Wind your way through the UV disco room and get a hole-in-one under the party lights.
