

## SIGNATURE COCKTAILS

### AMBIVALENCE - £14

Enemigo crystalline | Popcorn distillate | Caramel sauce

Thy neighbors. (Even if they're loud.) Shoreditch's "Let's ADORE and ENDURE each other" a street mural by Steve 'ESPO' Powers has since 2010 been the writing on the wall. Life on London's rough edges is like a marriage: half headache, half heaven. With 'Ambivalence,' we promise you the heaven part. The headache is up to you...

**Suggested pairing: Tempura cauliflower**

### MIXTAPE - £14

Macallan 12yo | Cherry & Pistachio puree | Blackcurrant liquor

Were cocktails the original 'mixtapes' or are mixtapes the newest cocktails? Every sound has its signature and every drink its dub, Grime the British rap begot in the 2000s and being brought back lately could be a recipe for music, the Met Gala, or Macallan: eclectic, clubby, radically classic Killing it, softly always, a mixtape: PS humbly submits its own.

**Suggested pairing: Chocolate mousse**

### BRUTALISM - £16

Makers Mark | Port wine | Tobacco bitters | Pecan liquor

When summer is brutally hot, wouldn't you like something Brutally Cool? As in Brutalism, the late-modernist architectural style seen across East London's '60s landscape and being taken up by new British masters like David Chipperfield. What if it were blocks of ice, not concrete? Now there's an idea.

**Suggested pairing: Ox Tail slider**

### IN2ART - £14

Coconut Oil washed Campari | Mamajuana | Tepache | Bergamot orange spray

A charitable collaboration between PocketSquare and INTOART, a London art and design studio working with people with learning disabilities at the forefront of their mission,

One pound of each cocktail's sale will benefit our newest friends.

IN2ART's printed rice paper garnishes will showcase their work.

As for the drink, a taste should seal the deal, genius is its own artistic ability.

**Suggested pairing: Fish mosaic**
