HOW TO GET HERE

We are located directly behind Angel station.

Unfortunately, Angel does not have a lift, only escalators. The nearest tube station with a lift service is Essex Road Station. Angel's nearest bus stops are Y, D & H.

The route to the venue has 4 crossings with dropped kerbs. There is no on-site parking near the venue. Parking maybe available after 6:30, please call in advance so we can check this for you.

ACCESS TO THE VENUE

Walking towards the venue you will come across a cobblestone road. There are flat surfaced paths either side which are wide enough for wheelchair users.

Depending on the event you attend, there will be 1 out of 3 doors that will be used that are all fully accessible. There are no steps into the building.

All doors can be open fully wide. None of our doors are power assisted, if you require assistance please ask a member of staff.

Majority of our events are on throughout the whole building. The only fully accessible area is the ground floor. We have an accessible ordering point at the bar in The Courtyard, this is labelled 'Accessible bar service'.
