**FREDERIKE CROFTON, DELOITTE  
DINNER PARTY DINING (13 PPL)**

## Deloitte.

Loved this experience. We did it with my team to get everyone working together and to welcome a few new team members. Everyone enjoyed it immensely. Highly recommend!

**ANDIE CARO, JOHNSON & JOHNSON  
DINNER PARTY DINING (6 PPL)**

THANK YOU. The team building event was a success and I know we're just 6 attendees but everyone loved every second of it. I'm not sure if I previously mentioned this but we are the leadership team for a systems support group and we are located from different parts of the world and having your place to accommodate us is one of the best highlights of our time in London! Food definitely did bring us all together, much closer I must say. Half of us has never even met each other after working for a year already so doing the activity on Day 1 of our week-long meeting was definitely a good way to start.

Again, we appreciate you for accommodating our group, we all had smiles on our faces with full tummies when we left. Please extend our appreciation to the chef as well.

*Johnson & Johnson*

**DAVID GEORGE, DINNER PARTY DINING (11 PPL)**

What a great way to spend a birthday party, drinking and cooking under the watchful encouraging eyes of Richard and his team of kitchen ninjas. They made everything work so well and then topped the night off by serving dinner and even some unplanned pudding! Amazing experience.

**BRIDGET O'KEEFFE, BLUSH & BLOW  
PASTA (17PPL)**

Our Christmas party was hands down the most fun we have had together as a team. The staff created a fun atmosphere and encouraged lots of laughing! Our staff left the evening having bonded over pasta, red wine and lots of dancing. Sophie and the team were so accommodating and their number one concern was that we had the best possible time. The experience brought our team closer together in a way that would have been very difficult without the help of the amazing Avenue Cookery School staff. Thank you so much!
