

Located in a Victorian boathouse, this stylish contemporary restaurant is set in a tranquil setting overlooking the River Thames. The Wharf can accommodate intimate gatherings or larger groups for a celebration of life.

Coming to terms with the loss of a loved one is a difficult time, and our dedicated staff take great pride in providing a private service to guide you through the planning of a funeral reception. We promise dignity and professionalism throughout.

At the time of your loss, this independent family-owned restaurant can assist with every aspect of your reception, where guests can share special memories of their friends or family.

We offer a choice of bespoke menus and refreshments to choose from, and can accommodate both smaller and larger groups.

With a large balcony and beautiful river views, the Wharf is an ideal choice where professionalism, and a sympathetic service are the order of the day. We can arrange background pianists and musicians, personalised playlists, floral tributes, and have an overhead projector for slideshows of loved ones. On-site parking available.

We can cater for a small or large attendance, from an intimate reception, or up to 300 people.
