

KING'S  
HOUSE

A home for events in the heart of King's Cross.

# Our Story

King's House is a centre of community, justice & entrepreneurship; a home in the heart of King's Cross.

As part of King's Cross Church's vision (KXC), our hope is that this building will create an accessible community hub, housing local group activities and specialised services that support people from all walks of life to thrive. The event spaces for hire will fund and fuel these groups, and the ongoing story of new life.

The building has recently undergone a full refurbishment, led by Stirling Prize-winning architects Haworth Tompkins, and is a beautiful and flexible space to hold any event.

Whether you want to participate in our venture by hiring the space, or would like to seek support for challenging circumstances, our door is open to you.

# The Building

King's House was designed with accessibility in mind. There is step-free access from the street right through the building, including a lift to the first floor. There are also multiple toilets suitable for wheelchair users and fitted with assistance alarms, as well as baby changing units.

# The Rooms

## Luciana

242 Pentonville Road was first built in 1923 as the Luciana Temperance Billiard Hall. Luciana means 'light' and we believe that King's House has been established to be a beacon of light and hope to the people of King's Cross and beyond.

## St. Pancras

In 597 AD a mission of Roman monks arrived here carrying the relics of the martyr St Pancras. The monks built a church in King's Cross (St Pancras Old Church) making it one of the oldest sites of Christian worship in Europe.

## York

Over a period of three years, KXC were given 15,000 square feet of empty space at York House on Pentonville Road. It became home to the church offices, local charities, community projects and coworking spaces. This became a significant part of the church's story, particularly in the area of creativity and cultural renewal.

## Providence

Primarily used as a room by our partners Crux as a conflict Mediation room, the word itself means 'divine guidance or care'.

## St. Chad's

Just a stone's throw away from here was the historic St Chad's Well: an ancient well of purification which, during the 18th century, received over a 1000 visitors each week in search of healing. Physicians at the time described the well as "the best purging waters in England".

## Lumen

On 14th February 2010, KXC held its first ever service. Without a permanent place to call home, the church began renting space for Sunday gatherings, and it all started at the Lumen United Reform Church on Tavistock Place. The Lumen room is often used by CAP (Christians Against Poverty) to provide a safe, private a pace to offer debt advice.

## Fleet

The River Fleet is the largest subterranean river in London and runs directly beneath King's Cross Station. The area was originally named Battlebridge after Queen Boudica's army fought the Romans in AD61 at the bridge crossing over the River Fleet. This room is used as a base by Growing Hope, providing free therapy sessions for children with additional needs.

# The Upper Room

The main event space.

Situated on the first floor, this 2000sq ft former Billiards Hall has been newly-refurbished, containing exposed brick walls, industrial windows & high ceilings. With a 200-seat flexible auditorium and full PA/AV system, the space is fully equipped for live streaming and hybrid events.

Hirers can expect an adaptable space that includes the use of a kitchenette, in a central location with fantastic transport links, not only within London, but across the UK and beyond.

## Your Impact

All profits from King's House help to support our charity partners who operate from the space during the week.

A 1-hour booking of the Upper Room will help:

- 1 family get a 30-minute therapy session with Growing Hope
- 2 parents gain access to the Choices clothing boutique
- Give people 4 mediation & conflict training sessions with Crux
- Someone access a 20-minute debt counselling session with CAP

CAP offers free debt to help to anyone experiencing debt - no matter how big or small. CAP can support individuals in debt or struggling with financial hardship through 1-on-1 or group support sessions.

Choices provides emotional and practical support to women through a pregnancy crisis and beyond. The Choices Boutique supports parents by providing free pre-loved baby and toddler clothing and equipment, and offers other services such as befriending and counselling.

## crux

Crux help people hold better conversations so they can lead less stressful, more peaceful lives. They do this through training, facilitation, mediation and coaching for individuals, organisations, businesses and communities.

Free occupational therapy, speech and language therapy, counselling, music therapy, and more, for children with additional needs in Camden and Islington. Growing Hope support all families, whether they have a diagnosis or not, also offering groups for parents and siblings.
