In partnership with Scottish Assault Courses, we have collaborated to offer the following array of activities from Drumlanrig Castle on the Queensberry Estate.

Assault Course

Come along and experience the adventure of our assault course during your stay at Dabton House. The course is a mile long and features obstacles such as tunnels, 5ft & 10ft walls, monkey bars, rope crossings over water, net climbs and of course plenty of mud and water challenges! Although the courses are physically demanding and strength sapping, making you dig deep to finish with determination the key, the emphasis is also on the fun.

Instructor led session, tailored for you and your group. Our instructors can also incorporate extra challenges along the way as well, so if you're coming along for team building and would like to add in some extra challenges just let us know and we can include them as we go.

Gun Range

Great fun for all the family to get up close and personal with our super life like military-style weapons training. Try out our whole range of weapons and get some target practice in. Your session will be an hour-long with an instructor who will teach you how to shoot using Airsoft weapons. Starting with the basics and hand pistols you will then progress onto bigger rifles such as G36s, M4s, MP5s, AK47s. If you have been before or are a more advanced shooter, we will be sure to add in some more challenging targets for you too.

Paintball

In the grounds of Drumlanrig Castle, we have a fantastic woodland game zone comprised of Bunkers, Dugouts, Fox holes, and natural cover. All perfect aspects to make a fully immersive battlefield. You and your team will need to use both physical and mental dexterity to out manoeuvre your opponents and become victorious!

With various missions, you must work as a team, dominating the field to complete your objectives in the fast-paced environment. This is ideal for those groups that want an exciting day activity that gives you a taste of warfare.

Airsoft

If you prefer to upgrade your paintball gun to something more realistic that can fire more accurately and fire on fully automatic* then you need to try Airsoft.

The guns are military grade training weapons which look and feel the same as the real deal. They fire biodegradable ball bearings which are super accurate. If you or the kids love “call of duty” then they will love the Airsoft weapons.

The game zones are the same as the paintball Arena, but your weapons systems are upgraded making your game day very thrilling and an adrenaline packed session.

The games are fast paced with capture the flag type scenarios, hold the barricade and fox holes as the enemy advance onto your position within our stunning woodland setting. A bonus with airsoft is that the ammunition is fully inclusive and unlimited.

Bushcraft

Bushcraft is the art of using the natural materials around you to survive and make useful gadgets, shelters and tools that you can use out in the wilderness. With us you will learn to make small gadgets and shelters that you can use when you’re out in mother nature! You will learn the craft of Pioneering, Fire lighting, knot tying, and the do’s and dont’s of being outside.

Axe Throwing

Are you ready to unleash your inner warrior and experience the ultimate test of skill and precision? Look no further! Our Axe Throwing activity is guaranteed to provide an unforgettable experience that will leave you feeling empowered and exhilarated. Gather your friends, family, or colleagues and join us for an hour-long session of axe throwing excitement.

You’ll have the opportunity to master the art of throwing axes under the guidance of our expert instructors. Whether you’re a seasoned axe thrower or a complete beginner, our experienced team will provide comprehensive training and safety instructions to ensure a fun and secure environment for everyone. You’ll learn the proper techniques, perfect your aim, and challenge yourself with various targets. It’s the perfect opportunity for a memorable day out with friends, a unique date idea, or even a team-building experience for corporate groups.

Operation Drumlanrig

Our exclusive family adventure set within the historic grounds of Drumlanrig Castle! Dive into the excitement of deciphering clues on a vibrant map, strategically placed amid the castle's scenic surroundings. Before the quest begins, participate in our tailored crash course on map reading and compass navigation, ensuring your clan is ready for the challenge that awaits. Navigate rugged terrain, conquer obstacles, and uncover hidden treasures as you embark on this memorable escapade. Operation Drumlanrig guarantees a unique blend of fun and navigation skills, creating cherished family moments amid the majestic setting of Drumlanrig Castle.

Bespoke Package

Our bespoke packages are tailored specifically for your company. This is catered for by our specialist sister company ITE. At ITE, we specialize in crafting transformative training programs that unlock the potential of individuals and teams. Whether your objective is to foster stronger team dynamics, enhance leadership skills, or cultivate personal growth, our diverse range of training options ensures a customized solution for every organization.

What sets ITE apart is our team of seasoned instructors, hailing from various backgrounds and industries. From specialized firefighting experts and commercial airline pilots to elite military personnel and close protection officers, our instructors bring a wealth of knowledge and expertise to guide your journey. Their dedication to your success and unwavering support ensures a rewarding and impactful training experience.

Recognizing the integral role of physical conditioning and resilience in personal and professional development, ITE places emphasis on comprehensive fitness training. Our team of personal trainers and fitness instructors will motivate and inspire you to push beyond your limits, nurturing a strong body and mind connection that drives peak performance.

At ITE, we offer an extensive array of training options tailored to your specific goals and aspirations. From outdoor survival skills and close protection bodyguard training to advanced surveillance techniques and thrilling scenario-based missions, our programs encompass a wide range of specialized skills designed to challenge and inspire.

For those seeking an adventurous blend of learning and excitement, we provide opportunities such as map reading, orienteering, canoeing, kayaking, paddle boarding, and unforgettable overnight canoe expeditions. Immerse yourself in the awe-inspiring Scottish landscape, forging unforgettable memories while strengthening bonds and fostering camaraderie among your team.

We understand that each organisation has unique requirements, which is why ITE offers tailor-made packages. Our dedicated team will collaborate closely with you to design a program that aligns perfectly with your objectives and exceeds your expectations. We strive to ensure that your training event becomes a catalyst for growth, igniting the potential within your team and nurturing a culture of excellence.

Unlock the true power of your team, forge lasting connections, and embark on a journey of exceptional learning and adventure with ITE at Drumlanrig Castle. Step into a world where training transcends boundaries, leaving an indelible mark on your organization's success.

Contact us today to explore the possibilities and discover how ITE can create a bespoke team-building and training event that will leave an enduring impact on your organisation.
