

The image shows a decorative interior space, likely a wedding venue. It features a large, draped fabric with a red and white floral pattern. Above it, a white fabric with thin brown stripes is draped. To the right, there are green leafy branches and a red fabric hanging. The background shows wooden beams and a striped fabric. The text "Weddings On Osea Island" is overlaid in the center in a white serif font.

Osea Island

OSEA ISLAND

An idyllic haven of peace and tranquility basking serenely on the Blackwater Estuary, Osea is a private Island of outstanding natural beauty and, remarkably, it's just over an hour's drive from London.

With twenty eight stunning properties, three event spaces and a village pub, Osea offers the perfect location to celebrate your special day in style.

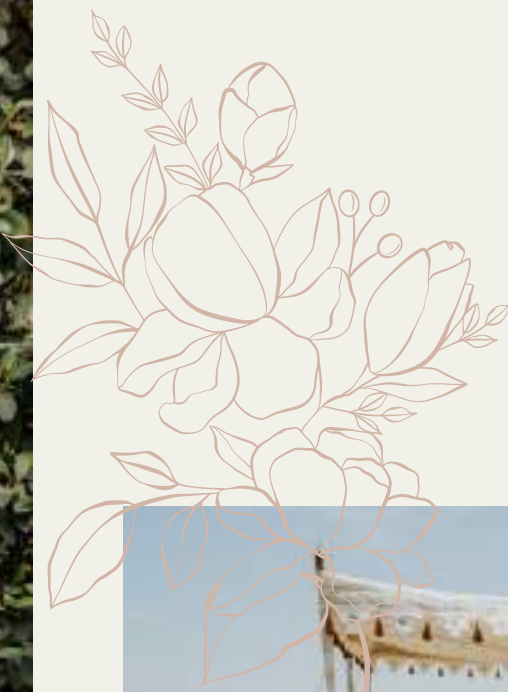

THE CEREMONY & RECEPTION

Choose from stylish venues and outdoor spaces to host your ceremony and reception.

Our largest venue has a seated capacity of up to 350 and the island has the flexibility to erect external structures in picturesque coastal locations.

THE POWER HOUSE

Built as an electricity power station for the navy, The Power House still maintains many of its original structural features. The space is unique and versatile with a warehouse loft feel, with high ceilings, industrial beams and full of natural light.

THE BOMB FACTORY

Our largest venue on the island is a converted World War I torpedo store. With exposed brick walls and industrial architecture, The Bomb Factory echoes its fascinating history, complemented by outdoor spaces and sea views.

This all-purpose space presents a blank canvas for grand scale events.

THE SHACK

The Shack is a remnant of the naval base, S.S. Osea, that operated during the First World War.

Reimagined as a party venue, The Shack's eclectic and playful decor is great fun for drinks and gatherings.

We can accommodate up to approx. 150 guests, which can be extended for larger parties with luxury Glamping.

TIDAL ACCESS

Osea is a tidal Island, accessible via an ancient causeway built in Roman times. At every low tide, there is a 4 hour window to cross by car, followed by a 6 hour window to cross by water taxi at high tide (the boat journey taking approx. 10 minutes.) There is also the option to travel by helicopter (London / Battersea Heliport, 15 minutes).

Wedding ceremonies are conducted on certain days of the calendar year, when the low tide window falls at a sociable time for registrars to come on and off the island.

EXCLUSIVE HIRE

Osea is a destination wedding venue with most couples celebrating with friends and family for an entire weekend.

During our peak season (May-September), exclusive hire is the only available option, but can be booked at any time of year for couples seeking a truly private and unforgettable experience. All 28 properties, 3 venues, village pub, swimming pool, beaches, meadows and gardens are included, as well as assistance from the Osea Events team.
