Inspiring success

Scott McNaughton, owner of Eastfields Farm Barns, has previously summited a number of the World's Seven Summits including Mount Everest (2006), rowed unsupported across the Atlantic Ocean (2008), and skied across the Greenland Icecap (2010). He was also a senior partner in one of the world's large accounting firms, specialising in large private and FTSE businesses. He will share the success factors learned from his expedition experiences.

Wine tasting event

Eastfields Farm Barns hosts two rustic bars, we will open the large Georgian barn to host a wine tasting event with wines from around the world! Ideally outside taking in the spectacular countryside scenery.
