

RECOMMENDED EXTERNAL CATERERS

At Worton Hall we have three preferred caterers that we work with regularly - Greens Catering, Reeka Events and Elegant Cuisine. There is no associated fee with using one of these caterers.

Alternatively, If none of these take your fancy and you would rather go down the external catering route, here is a small list of external caterers that we would recommend. If you do choose an external caterer a £350 external catering fee will be added to your booking. We also ask that they sign our external catering contract which you will find within your next steps information.

Worton Hall and Togather

If external catering is what you are looking for, we work with the incredibly useful Togather. This is a brilliant website, which allows you to receive quotes directly from caterers, all of which have been handpicked and vetted for their quality. Book everything from street food trucks and sit down caterers to bowl food and experiential offerings.
