## **Barn Rules and further info:**

Due to the thatch and exposed wood of the Barn there is a strict no smoking policy in the Barn and smoking is only permitted in the designated smoking area on our patio where sand buckets are provided. Candles or any form of naked flame are NOT permitted within the Barn. Sky lanterns and fireworks are forbidden due our thatch, livestock and surrounding crops, but we do allow sparklers on our patio and adjoining field and sand buckets will be provided.

We ask that guests stay within the designated areas as this is a working farm and to ensure everybody's safety we ask that guests do not go wandering into other areas, including the farm yard. Children are welcome, there is plenty of space for them to play but they must be closely supervised at all times by a responsible adult. We do have changing facilities in our shepherd ladies cubicle.

If you plan to have music throughout the day or for the evening part of your event, we can offer a Sound / PA system, please see our barn inventory for hire costs. We ask that you respect our neighbouring community and help us adhere to noise regulations as we do have a sound limiter. There is no amplified music allowed outside our barn.

On the clear up day, we ask that you come and take down/remove anything that you have pinned, fixed and brought into the Barn. You have between 10am & 12noon to do this. No cleaning is required but we do ask you gather any remaining rubbish in the barn and around the grounds and leave for us to dispose of in black sacks. A **£250** returnable deposit will be held against any necessary cleaning (beyond what is reasonable for such an event), breakages & repairs.

**If you have any queries or require further information, then please do not hesitate to contact us.**
