THE MODERN WAY TO PLAY

Event Packages

Three London Clubs

Pitch operates three London venues, each delivering its own take on golf and socialising. Our flagship Pitch Wharf in Canary Wharf features an outdoor terrace alongside Trackman golf bays, stylish bars and relaxed social spaces, while Pitch Soho and the original Pitch City near Liverpool Street offer the same lively mix of play, food and drink in the heart of London.

Discover More About
Our Venues

Eat, drink, play & unwind

Pitch is built for group occasions. Whether it's team socials, birthdays or client get-togethers, our indoor golf experience pairs great food and drinks with a lively setting across all three venues. Each package includes a set food offering, with bite-sized dishes in Canary Wharf and Soho, and Pizza Pilgrims at our City venue, all served alongside cocktails, wines and draught beers.

Built-in scoring keeps things fun and easy for all abilities, while lounges and flexible layouts make it simple to settle in and enjoy the occasion.

Game Play

All packages include a set amount of gameplay. During your session, our Trackman-powered bays give you access to world-class virtual courses, a driving range and interactive games such as Party Putt, Cannon Bowl and Streets of Neon. For a competitive edge, add challenges like nearest-the-pin or longest-drive.

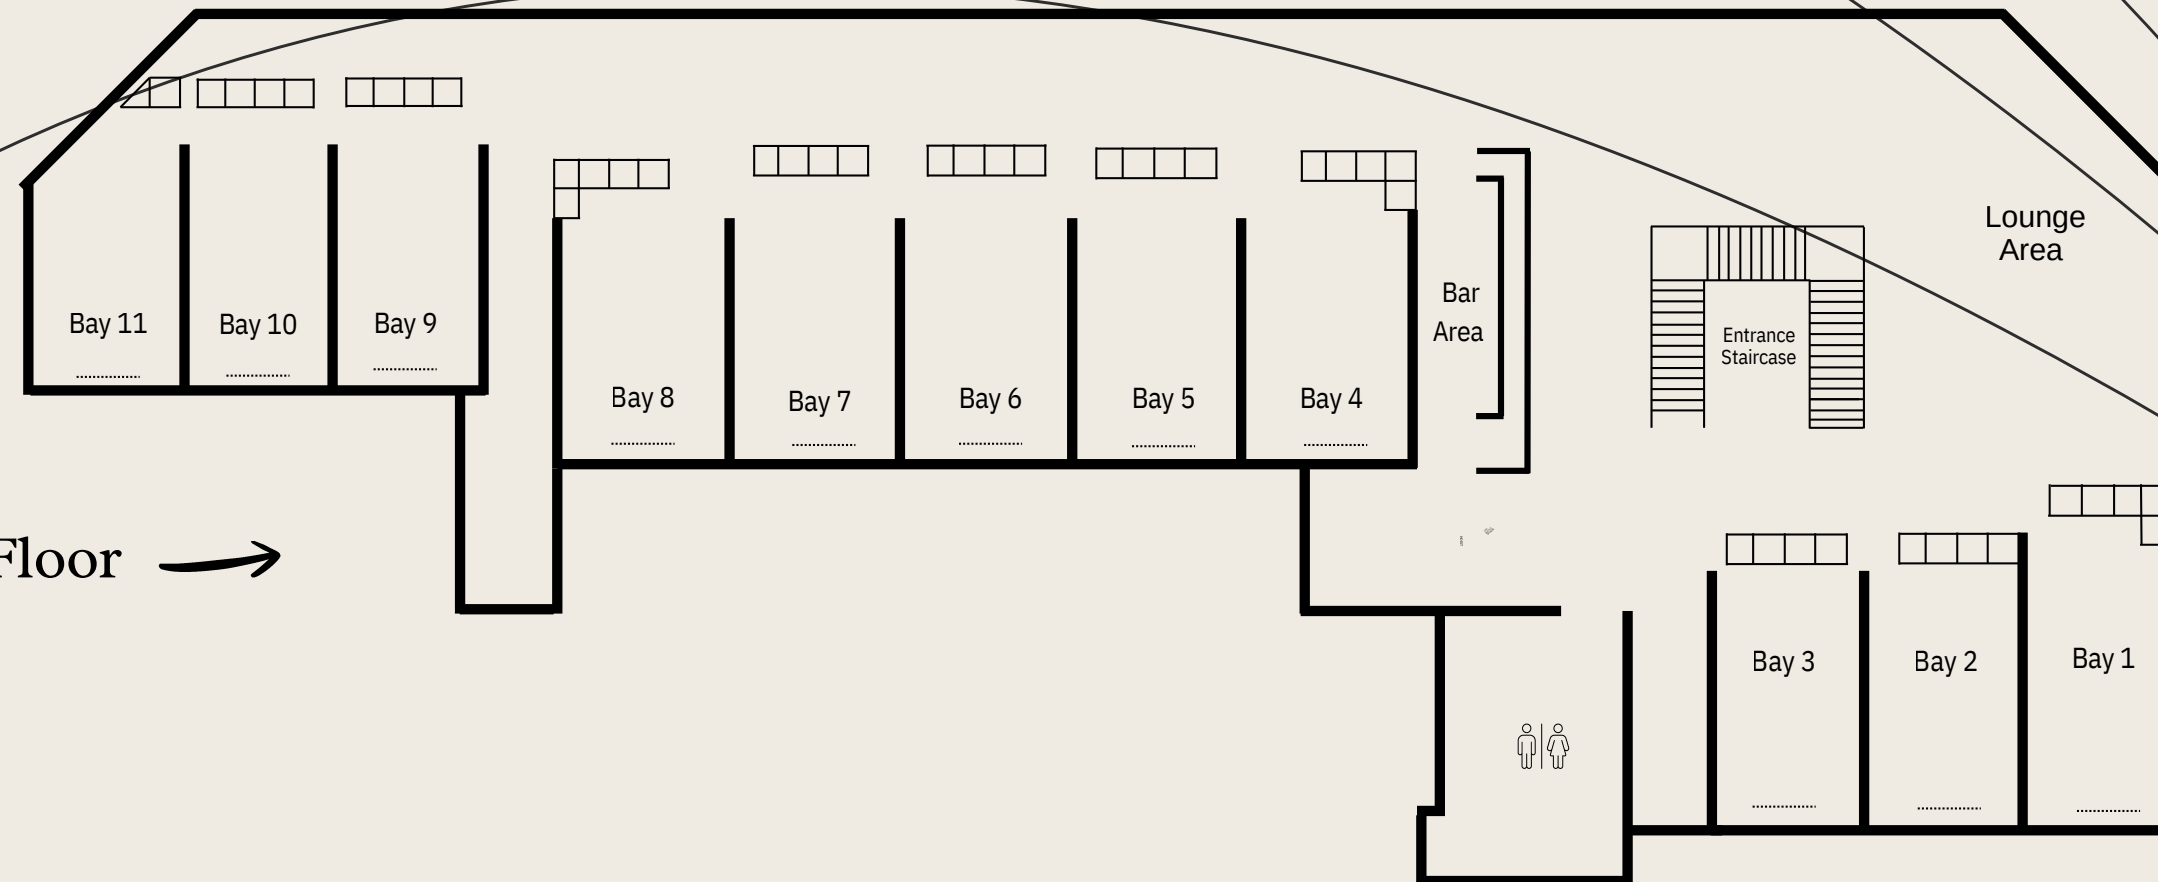

If golf isn't for everyone, the bays can switch to a giant Nintendo console with Mario Kart included as standard. Selected venues also offer additional activities such as shuffleboard*.
