

Party Drinks Packages

Each package below includes a welcome drink per guest along with half a bottle of wine (total) per guest. Anything ordered in addition can simply be charged on the day if needed.

The wines listed are subject to availability as we hold limited stock, but replacement wines will always be of equal value and similar in style. Our wine team can also happily guide you through our list, either prior to your booking or on the day and we can of course help tailor bespoke packages for you depending on budget, with £29 per guest being the minimum.
