Our Offerings

Our Offerings

With two London locations in the heart of the city, we offer a complete destination for meetings and celebrations, featuring extraordinary spaces, exceptional dining, state-of-the-art AV equipment, 58 unique guest rooms, and an experienced team of event planners.

EXTRAORDINARY SPACES

Our venues are designed to flex around the occasion. Our private members' clubs cater to events of all shapes and sizes. With our rooms offering a historic setting, each setting offers its own special touch, from intimate gatherings of 12 to larger celebrations of up to 300.

CURATED MENUS

Food is our love language. Our chefs work closely with you to shape menus around the moment, personal, seasonal, and designed to feel special. Whether it’s a relaxed dinner or something more celebratory, from breakfasts to canapés, the team takes care of the details so you can sit back and relax.

TAILORED EXPERIENCES

We’re here to make things work for you (whatever that looks like). From popcorn machines to bespoke floral arrangements, our team handles the unexpected with flair, always with care, creativity, and attention to detail.

STAY THE NIGHT

For guests travelling from out of town, or for those who want to snooze the day after the party, our bedrooms can be seamlessly added to your event. Home House offers 23 unique rooms and suites, while Home House Studio features 35 modern rooms and suites.

SEAMLESS TECHNOLOGY

We use technology to support the moment, not distract from it. With high-quality AV, touch screens, speaker-tracking cameras ideal for conference calls, a Wireless Display Adapter, and reliable connectivity and technical support through Home House Studio, we ensure every presentation runs smoothly.
