TEAM BUILDING EVENTS

TEAM BUILDING

Our team building events bring your team closer together. We offer a variety of fun and engaging team building packages designed to boost morale, encourage collaboration, and create lasting memories.

Whether it's light-hearted activities or adrenaline-fueled experiences, we'll tailor the day to ensure your team bonds in a unique and unforgettable way.

Prices From £45pp

Please note the price is based on a weekday booking for 15 people, pricing and availability will vary.

BLINDFOLDED DRIVING

Objective: One team member drives a car blindfolded while their partner gives verbal directions to complete a short course.

How It Works:

- One participant wears a blindfold while seated in the driver's seat.
- Their teammate must guide them through a slalom course using only verbal instructions.
- The goal is to complete the course with the fewest penalties.
- Points are awarded for time as well as precision.
- Skills Developed: Communication, trust, and teamwork.

APPLE ON THE APEX

Objective: Drive a set route and clip the apex perfectly by disturbing an apple placed on the corner marker.

How It Works:

- An apple is placed on the apex of a corner.
- Drivers must approach the turn correctly and hit the ideal racing line.
- If they miss the apple they must complete another lap until they have hit the apple.
- Points are awarded for time; completed in relay style the team is awarded points as a whole.
- Skills Developed: Precision driving, awareness, and consistency.

PIT STOP CHALLENGE

Objective: Teams compete to change a set of tyres in the quickest time, just like in F1 pit stops.

How It Works:

- Teams of 3-4 people must remove and refit a set of wheels using provided tools.
- The fastest team wins, but penalties apply for loose wheel nuts or improper procedures.
- Bonus points for style and skill.
- Skills Developed: Teamwork, communication, and efficiency under pressure.

DRIFT BATTLE CHALLENGE

Objective: Teams or individuals compete to showcase their drifting skills, judged on precision, control, and style.

How It Works:

- Each participant takes turns drifting through a designated course.
- A professional instructor rides along and scores their performance based on key drifting criteria.
- The highest-scoring driver or team wins!
- Skills Developed: Drifting, Car Control and communication.

OUT OF FUEL PUSH

Objective: Teams must push a car a set distance in the fastest time, simulating a race car that has run out of fuel.

How It Works:

- A small, lightweight car (e.g., Mazda MX-5) is positioned at the start line.
- Teams of 3-4 must push it to the finish line as quickly as possible.
- Strategy comes into play—do they go for an all-out sprint or steady pacing?
- Skills Developed: Strength, teamwork, and endurance.

PRECISION PARKING

Objective: Park a car in a tight space within a set time, judged on accuracy rather than speed.

How It Works:

- Drivers must reverse park a car into a designated space using minimal adjustments.
- Points are awarded for how well-centred and aligned the car is & how quickly you park.
- Skills Developed: Car control, judgement, and patience.

BRANDING

Make your event truly your own with bespoke branding across our venue.
