I booked for a 70th birthday party and choosing The 1 Bar was a fantastic choice. The space was perfect for the event as we had a live band. Alicia and the team really helped us plan this well and were always available to contact for all of our questions. Great communication and advice, even with last-minute changes and questions.

Bar staff, door staff and everyone on the night were super helpful - not a sour puss in sight and really added to the celebrations!! 😊

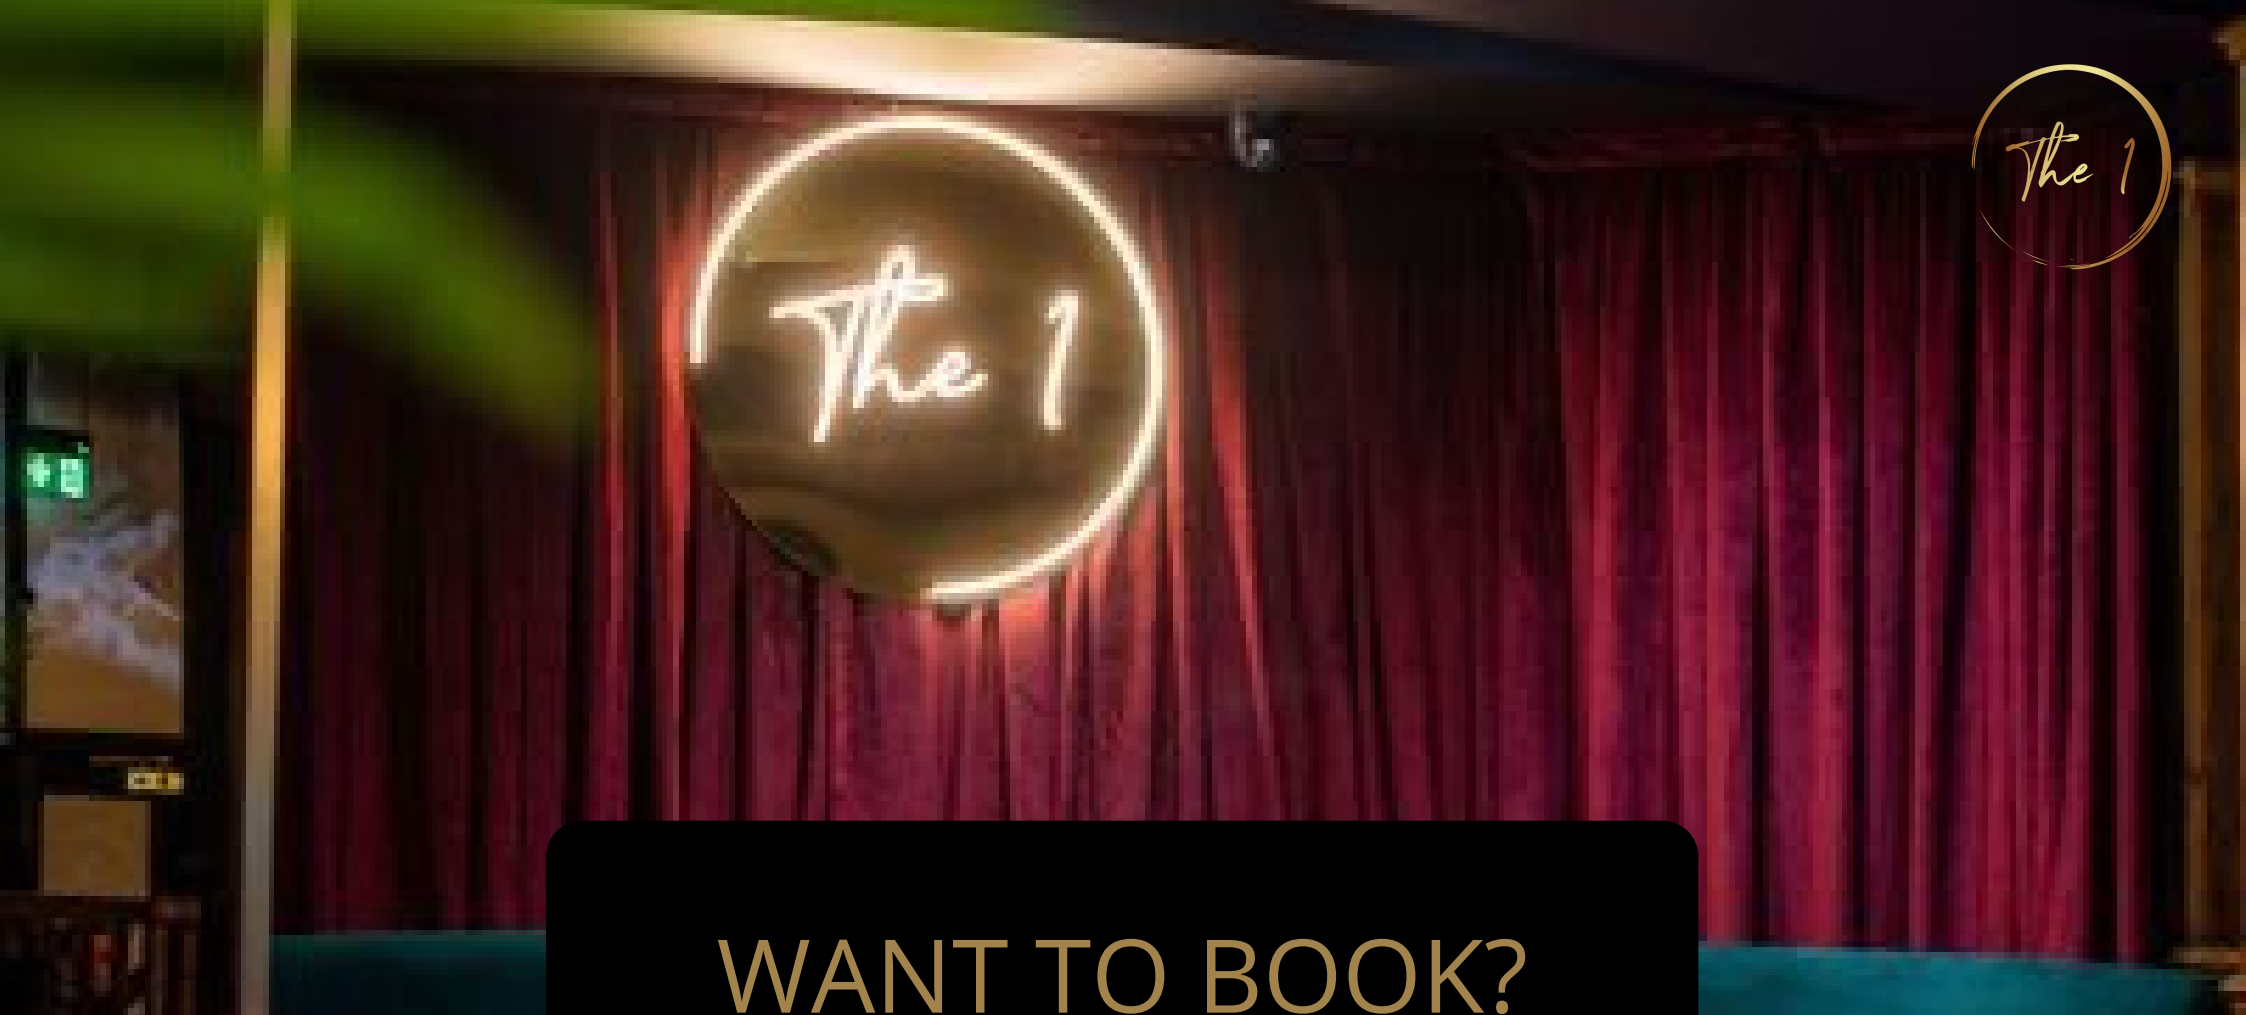

Won't hesitate to book again and just go there for a drink when I'm around!!
