BAVARIAN BIER + MUNICH BIG SIX

Bier has been brewed since the Bronze Age in Southern Germany, but the Bavarian Purity Law of 1516 set the standards for modern beer.

In 1553, a summertime brewing ban required spring-made beers to be stored in cool, underground cellars. This favoured lager yeast, which thrived in the cold, leading to Bavarian brewing being dominated by lager beer.

Later, in 1894, the Spaten brewery introduced Helles lager, meaning "light" or "bright", which became hugely popular.

The original Oktoberfest, started in 1810 to celebrate Crown Prince Ludwig's wedding, has grown into the world's largest beer festival. Only Munich's six original family brewers can brew for this two-week celebration, and at Albert's Schloss we proudly offer all six.

Enjoy and Prost!

AUGUSTINER HELLES GERMANY, 5.2% 500ML BOTTLE7.2

A King amongst lagers; amazing attention to every detail at the 600-year old brewery leads to a phenomenal, crisp lager that is truly faultless. Founded by Augustinian Monks in Munich's oldest brewery, this beer offers elegance in a glass. Served from a 500ml bottle to ensure the perfect serve.

HACKER-PSCHORR KELLERBIER GERMANY, 5.8%7.2

This unfiltered lager offers a fuller-flavoured approach allowing hints of caramel and hops to take centre stage in a perfectly balanced beer, with a lower carbonation and lightly bittered approach making for a very approachable big-flavour beer.

PAULANER MUNICH GERMANY, 4.9%6.9

Paulaner brews 400 million pints of beer each year and is one of Germany's best-selling brands. Try this classic Munich Helles-style lager and you'll see why. The perfect all rounder, exactly what a lager should be.

SPATEN GERMANY, 5.2%6.9

Clean, crisp, light and easy-drinking, this is almost the definition of lager. Spaten were the first brewery in Munich to make the Helles-style Pilsner that we now think of as a lager. The brewery has 600-years of tradition, and has long been a leading brand in Munich.

HOFBRÄU ORIGINAL GERMANY, 5.1%7.2

Originally founded by the Duke of Bavaria in 1589 and one of Munich's oldest breweries. No trip to Munich is complete without a session at the Hofbräuhaus beer halle.

LÖWENBRÄU GERMANY, 5.2%6.9

One of the first of the Munich breweries to be exported, Löwenbräu translates as 'Lion's Brew' and is a great example of lager - crisp, clean, and easy drinking, this beer has a long, rich heritage and a huge following around the world.

FRESH TANK BIER

Pilsner Urquell is uniquely made as a fresh, unpasteurised, and unfiltered beer in Plzen, Prague. Their pioneering method created the world's greatest Pilsner. Each week, this fresh beer travels almost 1,000 miles to us, tasting just as it did when it left the brewery.

PILSNER URQUELL CZECH REPUBLIC, 4.4%6.9

The Pilsner beer-making process is now world-famous and involves heating and caramelising some of the beer to give warm depth, and a rich biscuity flavour; then comes a contrasting bitterness in the finish from Saaz hops.
