# HAVE YOU MET BARNABY?

Barnaby, is a seasoned traveller who, after years of global adventures, returns to London to enjoy his sixties at home. His travels have influenced both the design of the venue and the menu, blending classic British elements with international flavours. The ambiance reflects his personality - sophisticated but warm, with a touch of nostalgia for his global escapades.

At Barnaby's our food philosophy is rooted in simplicity, seasonality, and sustainability. We believe in honest, wholesome cooking that lets high-quality ingredients shine. By sourcing fresh produce locally and embracing the best of each season, we create dishes that are both flavourful and responsible.

Our menu is inspired by the comforting traditions of British cuisine, subtly enhanced with international influences for a refined yet familiar experience. Every plate we serve reflects our dedication to authenticity, integrity, and a love of good food shared with good company.

Barnaby's Kitchen & Lounge Bar is designed as a warm, inviting space that feels like home - whether you're here for a hearty breakfast, a relaxed dinner, or a handcrafted cocktail in the lounge. The décor and furnishings blend the charm of a classic kitchen with the sophistication of a modern lounge bar, creating a versatile setting for any occasion. It's a place where guests can unwind, connect, and enjoy thoughtfully prepared meals in a relaxed yet stylish atmosphere.

The ambiance is comfortable and welcoming, making it a perfect spot for hotel guests, business travellers, and locals alike to gather and savour great food in good company. Essentially, the restaurant is designed as Barnaby's personal retreat, a place where guests can experience the hospitality of a well-travelled Londoner who loves good food, fine drinks, and engaging conversation.
