Welcome

to The Private Dining Room at Guinness Open Gate Brewery London

Our Private Dining Room at Guinness Open Gate Brewery London is made for good conversations, great food and perfectly poured pints. Seating up to 20 guests on one long table, it's an intimate space that brings everyone together, whether you're hosting clients, celebrating a milestone or gathering the team.

The room comes with its own private bar, along with a dedicated bartender and waiting staff, so everything flows effortlessly from start to finish. A screen is available should you need it, but this is a space best enjoyed around the table — where time slows, glasses are raised and the occasion speaks for itself.
