**OVER 25 YEARS
OF EXPERIENCE**

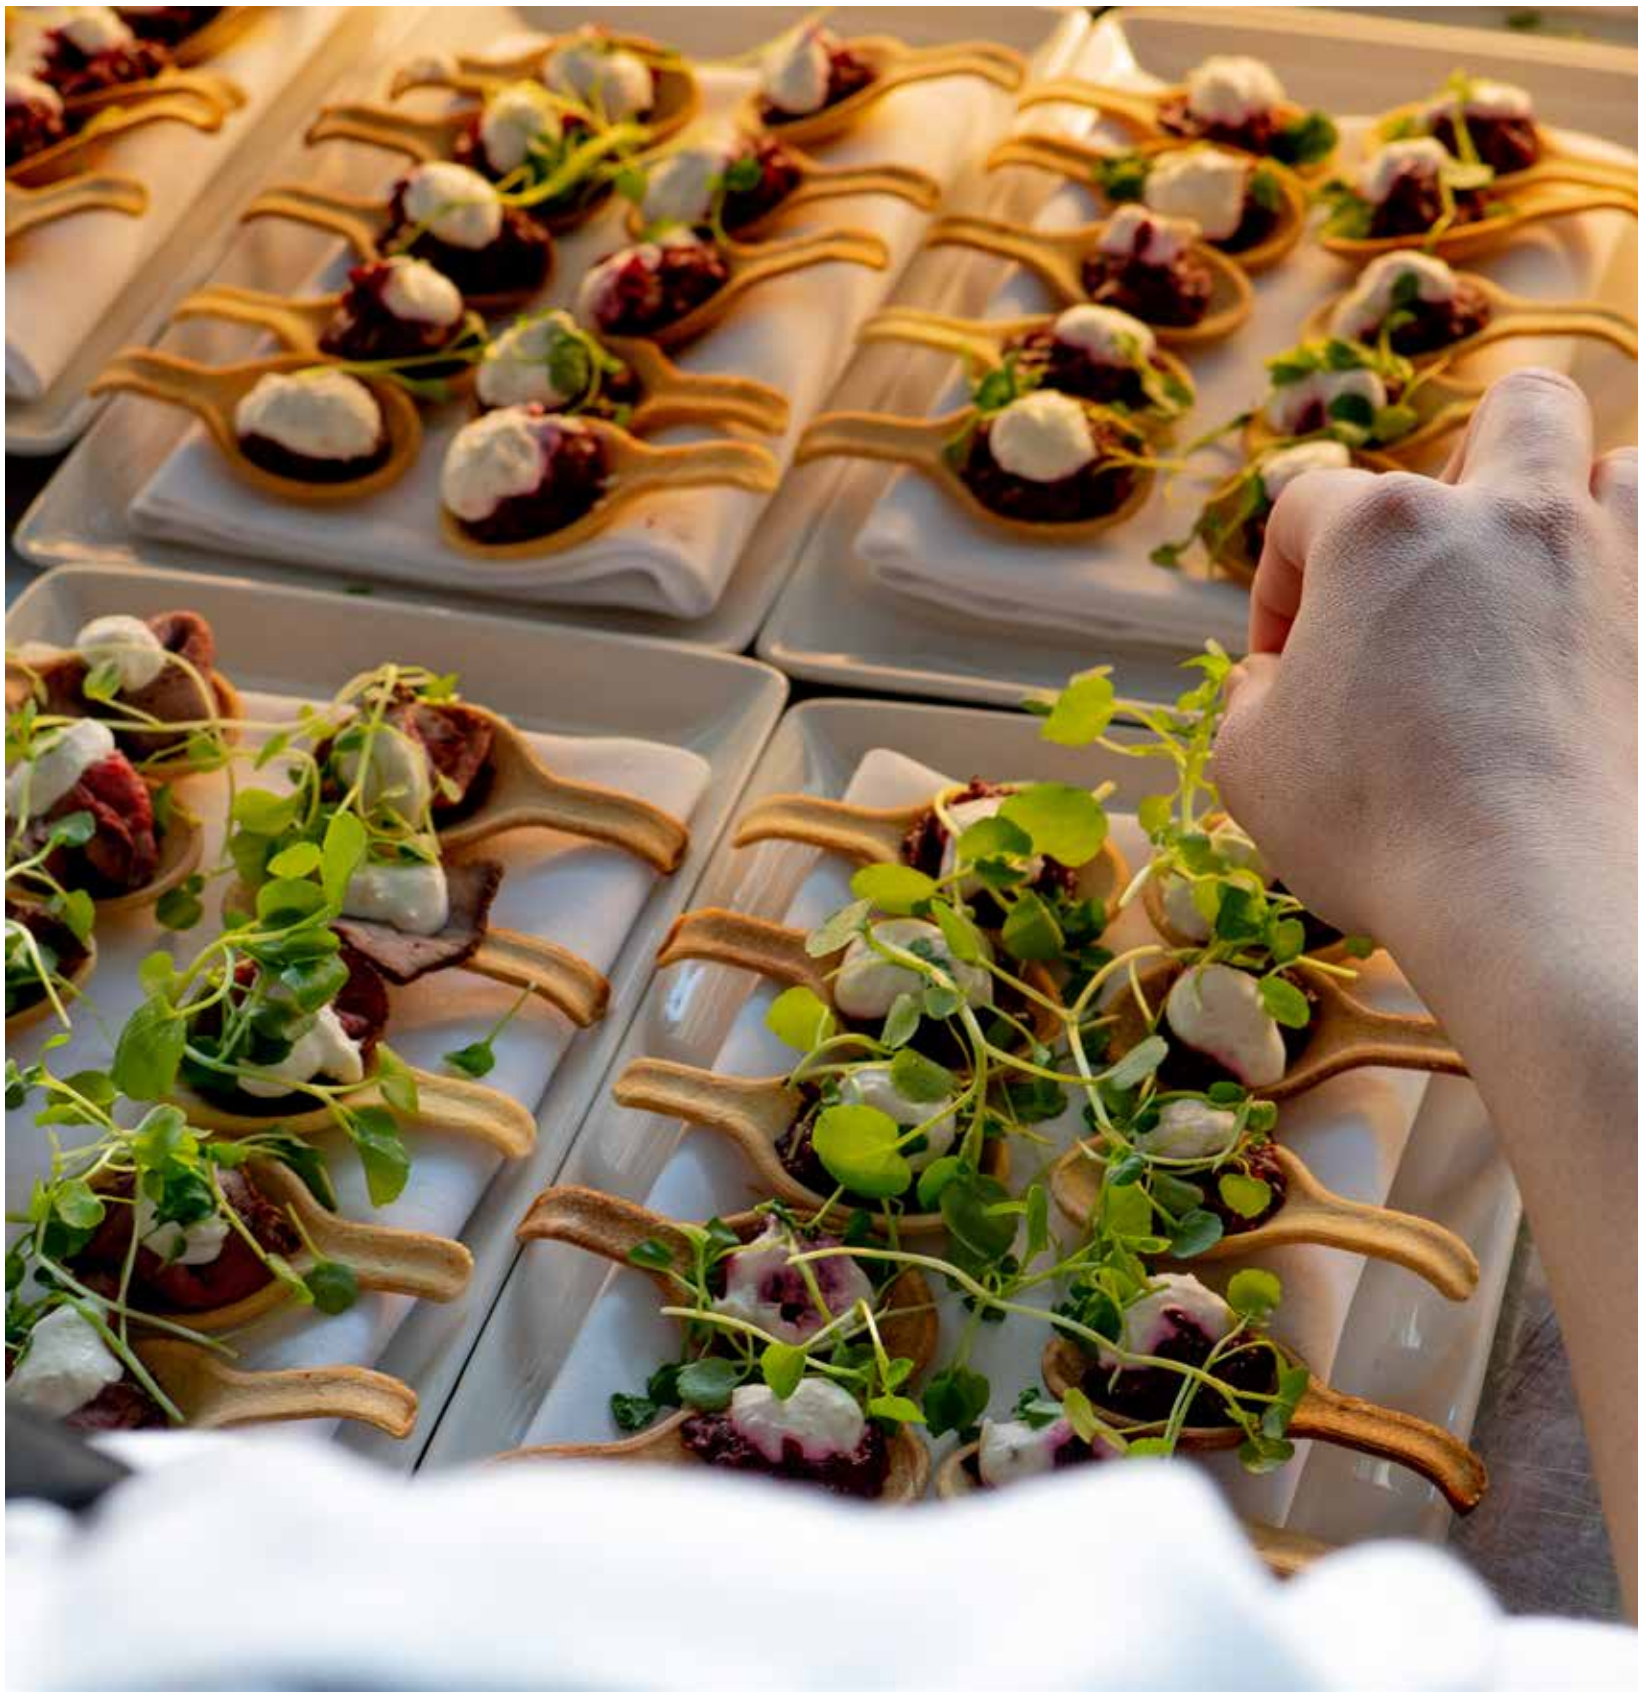

A specialist in-house events team lead by Christie Cox who has been with the OXO for over 18 years. The events team have been creating bespoke events of all sorts since the OXO opened in 1996. Our promise is to work with you to help transform your vision into a successful and memorable occasion that will be remembered.

**FULLY FLEXIBLE SPACES
YOU CAN MAKE YOUR OWN**

The dining spaces at OXO can have almost everything removed, leaving you with a blank canvas. Perfect for bringing your vision to life. Spaces can be adapted to create individual areas set up for specific needs, for example a DJ booth and dancefloor set up. Our events team can assist with the layout of your floor plan.

**ONE OF LONDON’S LARGEST OUTDOOR
TERRACES**

The OXO Tower operates one of London’s largest outdoor terraces that runs the entire length of the building’s riverside frontage. Private hires will have exclusive use of the specific outdoor terraces as part of the hire agreement. Please note the terraces are non-smoking and open-air.

**ACCESSIBLE LOCATION IN THE HEART
OF SOUTH LONDON’S SE1 DISTRICT**

The OXO is situated in London’s vibrant South Bank area right next to the River Thames. Often described as one of the best views in London, the historic OXO Tower was built in the late 19th century and offers an impressive panorama from Waterloo Bridge to the City of London. Conveniently placed between two key London transport hubs, London Waterloo and London Blackfriars. The OXO Tower is close to a selection of beautiful hotels including our neighbours Sea Containers.

ALL FOOD CREATED IN-HOUSE BY OUR TEAM OF CHEF'S

No contract caterers here at the OXO, all our menus are seasonally created by our Executive Head Chef Jeremy Bloor and prepared by his brigade on site. This means the same quality can be found at our events as our guests enjoy at The OXO Tower Restaurant, Bar & Brasserie.

ENTIRELY ACCESSIBILITY, STEP FREE ACCESS

The OXO Tower is fully accessible, offering step-free access from street level to the 8th floor. A sloped level pavement provides access to the lift lobby through automated doors where you can take a lift to the 8th floor. Once you exit the lifts, everything is on one level with accessible bathrooms. We welcome registered service animals such as guide dogs.
