Hello, From *The Flatmates*

We are an award-winning bar and restaurant group that creates beautiful venues to make you feel like you're walking into someone's home, styling it on a fictional flatshare.

We're best known for throwing weekly house parties, dinner parties and private events. Our story started ten years ago when we began as a pop-up in Notting Hill. Since then, we've opened six amazing, permanent venues across London and won multiple awards, including Best Hospitality Business by London Lifestyle Awards, Best Bar in London by Tatler Magazine, Best Bottomless Brunch by the Evening Standard. We're incredibly proud of what we have created and would love to show you around! Having thrown countless house parties and dinner parties over the years, we've brought our first flat in Shoreditch to create an authentic, homely, and unpretentious environment for guests to eat, drink and dance in the setting of an epic house party
