MODERN BRITISH FOOD WITH AN ICONIC VIEW

.....

Butlers Wharf Chop House is a restaurant devoted to 'really great British food', serving modern, simple and honest fare. Robata grilled traditional East Anglian dry aged steaks, spatchcock and traditional line caught haddock enjoyed in a spacious restaurant that is reminiscent of a sailing ship or cosy cricket pavilion.

Situated on the riverside near London Bridge, with truly magnificent views across to Tower Bridge, Docklands and beyond.

With an enviable location, Butlers Wharf Chop House enjoys quintessential London landmark views.

In the day time our open bright restaurant and terrace enjoys the best of the British weather, while in the evening you have the backdrop of the spectacular city lights of an ever changing London skyline.
