TheConduit

Why Book With Us?

We are on a mission to accelerate solutions to the world's most pressing challenges and hiring our beautiful club helps fund this ambition. Not only are our seasonal menus delicious, they have been chosen for their sustainability credentials. We are located in the heart of Covent Garden and therefore easily accessible for guests, with all of its wonderful shopping opportunities.

Your dedicated event manager will ensure your requirements are delivered on the day and can organise additional services such as floristry, DJ, music, inspirational speakers, bartenders and more; please just ask.

Like any socially driven business, we ensure our staff are paid the London Living Wage. We believe every event at The Conduit is a chance to make meaningful connections and be inspired to take positive action.

We Care About The Details

Everything within the club is driven by our mission to accelerate change for positive impact in people's lives. The Conduit combines minimalist Scandinavian aesthetics with vibrant textures, fabrics and ceramics sourced from artisans in South Africa and Swaziland.

The walls are adorned with a diverse and colourful artcollection, hand-painted murals and beautifully craftedtiles. Social enterprise, The Glasshouse, provides The Conduit with fresh plants, adding a natural energy to the building and contributing to a sense of life and vivacity.

Food & Drink Philosophy ●

● Across The Conduit our food and drink philosophy is based on seasonality and sustainability. We source our ingredients from carefully chosen suppliers who share our ethos of combining quality with responsible practices.

From The Conduit's artisan coffee blend, to an array of colourful salads, our signature wood-fired sourdough pizzas, to an innovative selection of cocktails, The Conduit's culinary team craft menus full of fresh and vibrant flavours. Focusing on the quality of our seasonal produce, the food and drink offering at The Conduit is at the heart of our hospitality.
