# about us

**inamo** showcases stunning pan Asian cuisine using the world's first interactive restaurant ordering & entertainment systems. Order your meal via interactive table surfaces, watch chef-cam, play engaging games, even colour and draw on your table top.

At inamo Covent Garden we have recently launched brand new touch-sensitive tables with over 20+ new games including 4-player air hockey, pool, space invaders, archery & many more. The table experience at inamo is unlike anywhere else in London or beyond.

Feast on a stunning menu centred around sharing, from sushi dishes including signature Dragon Roll to superb Asian Tapas such as Soft Shell Crab Tempura, Bang Bang Cauliflower (v), Yuzu Pork Belly, Korean Wings and dim sum; alongside Larger Sharing Dishes including Miso Salmon with Mango & Papaya Salad, and Crispy Aromatic Duck with Pancakes. With over 20 vegetarian & vegan dishes we offer something for all tastes, and the menu is as much a talking point as the technology surrounding it.

inamo also boasts 2 award-winning Games Rooms with 150 inch wall projections & games consoles, perfect for gaming, live TV & sports, even karaoke; with their own private bars & private dining options.
