# A vibrant hotel with an East London vibe

London City is the newest hotel in the Canopy by Hilton fold. Infused with a cool East London aesthetic, light-filled spaces in the softest, earthy neutrals are highlighted in jewel-toned velvets and burnished copper, drawing inspiration from the district's rich history in the textile industry.

Sustainability is at the core of our ethos. From our green roof and distinctive pinstripe fin exterior constructed using

recycled materials from buildings that previously occupied the space, to our beds made from recycled steel and the locally sourced food and drink menus, an eco-sensibility is the beating heart of everything we do.

The perfect distillation of the culture and flavours of East London, Canopy by Hilton is a truly exceptional hotel and events location in an unbeatable destination.

# Our events spaces

Uniquely stylish décor and impeccable service are the common threads running throughout all our events spaces, where interiors tell the stories of Whitechapel's rich cultural heritage through a raw-meets-refined design aesthetic.

Exclusively available for private hire drinks receptions and dinners, Penny Squares

serves modern British cuisine infused with bold, eclectic flavours from the local neighbourhoods - a true celebration of its East End heritage.
