FINE WINES BY THE GLASS

Coravin is unique in that it enables us to serve you some incredible wines by the glass without pulling the cork. By doing so, the natural ageing process is not disturbed and leaves the wine protected from oxygen, and therefore in perfect condition.

COASTAL WHITES

Wines influenced by the sea have a real freshness and purity, making them the perfect partner to our local seafood. The soils are packed with fossilized sea shells which, when you combine with the cooling salty influence of the sea, helps to create wines of real character. All these wines are coastal and would be a great partner with our fruits of the sea.

VOLCANIC

If you want to choose a wine with distinction then wines from Volcanic soil would be a pretty good place to start. Minerality, acidity and a real savoury edge are the order of the day here.
