# MORSO

## grappa & cocktails list

For anyone trying a true artisan grappa for the first time and expecting a harsh, raw spirit, the result can be a revelation. Our Grappa are carefully distilled from fresh grape pomace according to traditional methods, to produce an exceptional spirit and in turn, some amazing cocktails. Ask one of our team for a recommendation and start your grappa journey here.

## house cocktails £12

---

### Yellow Submarine

our homage to the legendary heritage of this area. We've taken London's most famous cocktail, the Pornstar Martini and reworked it Morso style, with premium grappa and prosecco. So hard not to have a second one!

### Chamomile Mule

an old favourite, re-vamped and revived with a very special Chamomile grappa from Marolo, prepared with chestnut blossom honey, rosemary syrup, lime and ginger beer

### Marco Polo

a tribute to the Venetian adventurer, explorer and merchant who famously visited Kublai Khan's China in the 13th century. We've taken lychee, China's most iconic fruit and paired it with our homemade chilli grappa to create a uniquely satisfying Martini

### Vecchio Stile

a true Old Fashioned warms you, calms you, reminds you of life's simple truths and it gives you 'pause' (a rarity in today's world). Never has a cocktail been more lauded or talked about, this is our tribute to the 'First Classic Cocktail' made with Tosolini Smoked grappa and served with extra 'pause'

### Negroni

our version of Italy's favourite cocktail, made with premium grappa Gin and bitters from an 18th century Torino recipe

### Acqua Santa

this is our 'holy water' martini made with two grappa, a rare Ruche grappa and Tosolini's juniper infused grappa. Classic, dry and strong, just like a martini should be
