

At Fireaway we believe in freshly cut toppings on top of a traditional neapolitan pizza dough, freshly made every single day and then left to rise for about 18 hours.

When my Nonna came over from the Amalfi Coast in the 1950s she brought a pizza recipe that Fireaway has been spreading through the streets of Britain since 2016.

With the addition of strawberry nutella pizzas and oreo milkshakes we have something for everyone. Gluten free & vegan options have recently been added to our menu.

**Bon appetit!**
