NEAT JUICERY LONDON

Neat's juices are cold-pressed daily using only organic vegetables and fruit sourced in the UK. Cold-pressed means the juices are squeezed using a hydraulic press, not blended. Extracting liquid by cold-pressing retains a much higher amount of natural healing vitamins, minerals and enzymes. Also, Dom and Jon are super-nice and run their juicery just across the road from us so you're supporting another small, local independant business. Thank-you!

- £6
- Orange – Carrot, Cucumber, Apple and Turmeric** £6
- Purple – Beetroot and Apple** £6
- Green – Kale, Cucumber and Apple**

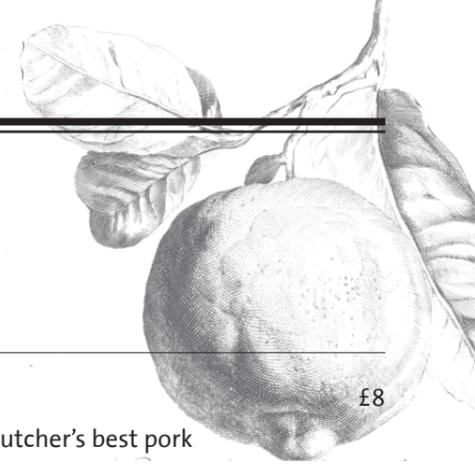

OUR SUPPLIERS

We source locally as much as possible. Our meat, all of it Sustainable Restaurant Association approved, comes courtesy of our local butcher in Peckham. Our fish comes from British waters and always adheres to the Marine Stewardship Council's list of approved fish. Our eggs – organic – are fresh off Rookery Farm, West Sussex. Our bread is baked – and delivered by bike – by the Little Bread Pedlar bakery, just down the road in Bermondsey. And our herbs are grown just along the road, under the Shard, in association with St Mungo's homeless charity.
