

THE BOAT INN

LIAM DILLON

“Organic and sustainable produce is of great importance to us at The Boat Inn.

As such, we have put together a selection of top quality organic and biodynamic wines from around the world for you to try.

Using our Coravin system which preserves the quality of wine for longer, we try to offer a great range of wines by the glass, giving everyone the opportunity to try something new.

Explore & enjoy.”

*Harry Grinonneau
Head Sommelier*

Our favourites:

Harry / Head Sommelier - *Little Bastard, Organic, Staffelter Hof, Mosel, Germany, 2017*

An incredible blend of Riesling, Sauvignon Blanc, Muscat & Muller Thürgau. This wine gives off aromas of peach, apple and wild strawberry, whilst the skin contact creates a beautiful balance between structure and tannin.

Liam / Chef Patron - *1086 Rosé Prestige Cuvée, Nyetimber, West Sussex, England, 2010*

We are proud to serve England's leading sparkling wine producer, Nyetimber. The first vineyards in England to exclusively grow the three main grape varieties for Champagne, and consistently win blind tastings against the biggest houses of Champagne.

Mike / Head Chef - *Follow Your Dreams, Organic, Swartland, South Africa, 2021*

Craig Hawkins known as 'The Bandit of South Africa' creates 100% organic wine that lets the grape variety and land speak for itself. This wine utilises the Carignan grape to create a beautifully light and red fruit flavoured wine, perfectly matched with light meats and charcuterie.

Stuart / General Manager - *Yalumba Antique Muscat, Barossa Valley, Australia, MV*

Stuart is the biggest fan of sweet wine to be found in the Midlands. Always trying and recommending new dessert wines for our menu, this South Australian Muscat has been a particular favourite. A luscious texture with notes of orange peel, ginger and cacao, this wine is a wonderful match with our chocolate parfait with that dash of Lapsang!

Abbigail / Assistant Manager - *Liquid Skin, Organic, Mother Rock, Swartland, South Africa, 2021*

First tried at a wine convention in London, Abbigail knew that this wine had to go on the list. After many months of hassling suppliers we finally got it in! Liquid Skin is an orange wine (made like a white but with the skins left on to add robust and interesting flavours), with 12 weeks skin contact. Try this Chenin Blanc favourite with anything from our Cotswold Chicken to our British Cheese Selection.

Champagne, France

Orange

Orange wine, otherwise known as skin-contact or amber wine, is made by leaving the skins of the grapes on - creating a slightly more robust wine but with the refreshing qualities of a white.

Ice

75ml Bottle

Fruits are left on the vine/tree until winter, and so the water in the fruits freeze. These are then quickly picked and pressed, so that the juice made has a high concentration of sugar and becomes luscious and sweet. We are proud to offer our Ice Ciders made 20 minutes down the road in Yoxall, with apples that supply Magners Cider. Great with Cheese!
