### TIKKI TAKKA

## WHISKEY COCKTAILS

### BOULEVARDIER

£11.50

This cocktail shares two of its three ingredients with the famous cousin "Negroni". Bourbon Whiskey is the dominating component instead of gin. We have decided to bring back to life this typical cocktail of the Prohibition era, with our twist on it.

### MINT LEAF JULEP

£9.75

The term "julep" is generally defined as a sweet drink. The Mint Julep appears in literature as early as 1784. Enjoyed by Americans during the 19th century, now it's one of our favourite cocktails (Bourbon, Mint and homemade lemongrass, a twist made by Mint Leaf).

### SAZERAC

£9.75

It is one of the most distinctive American cocktails, unchanged for almost 150 years. Since 1830's it has been made with cognac, but in the 1870's, the phylloxera epidemic had decimated France's grape crops. The famous Thomas Handy substituted rye and began a long American tradition of people solving problems with whiskey.

### JAPANESE NEGRONI

In the eastern twist of "Negroni", the Japanese Negroni contains strong and decisive flavour of Japan, combined with the sweetness of Italian liqueur. A sweet & bitter cocktail in a mix of Nikka Whiskey, Aperol and Antica Formula.

### OLD FASHIONED

£10.00

As you might expect, we are often being asked what our favourite cocktail is. A drink that always deserves a high spot in our list is the Old Fashioned. It is the perfect drink to order if you want to test our bartender. So please, test us!

## GIN AND TONIC LIST

- MONKEY 47** **£12.50**  
**Served with Plums**  
A good third of the ingredients for this special gin come from the Black Forest and are definitely not what you would call typical gin flavourings! In total, 47 handpicked ingredients are prepared in extremely soft spring water from our own Black Forest source.
- GIN MARE** **£11.00**  
**Served with Rosemary, Olives and Thyme**  
Gin Mare has long been the example of how to push the boundary of what a gin could taste like – with rosemary, thyme, olive, and basil included in the botanical line up – It's unusual, savoury but balanced.
- MARTIN MILLER'S** **£10.50**  
**Served with Strawberries and Black Pepper**  
The team at Martin Miller's are truly the Da Vinci's of the gin world. This gin, both when it was in its early stages of development and now in its production, embodies the obsession at its the very best. It's made at Langley's Distillery in the Black Country, using traditional methods.
- BROCKMAN'S PREMIUM** **£11.00**  
**Served with Berries**  
Brockman's is like no other gins. More than in any other gin, the traditional notes are combined with refreshing influence of citrus and aromatic wild berry. This creates an intensely smooth gin with beautifully crafted taste that is sensual and daringly different.
- G'VINE FLORAISON** **£11.00**  
**Served with Green Apple**  
The floral flavours of the vine flower are dominant on the palate, but the gin finishes with a zesty mix of juniper and ginger. The fresh acidity of apple slices helps liven up G&T without overwhelming this floral gin with caustic citrus. Served with Elderflower Tonic which combines well with the grape.
