

*Silverleaf has broken down the very  
DNA of fruits and plants to make  
flavourful « waters » used to lengthen  
the mixed drinks, be they spiritous  
or non-alcoholic.*

*Silverleaf has explored how  
fermenting different components  
opens new avenues of flavour,  
similar to using yeast or natural  
fermentation to elevate a wine's  
flavour and complexity beyond that  
of the fruits themselves.*
