Welcome to Origin City

Origin City is a representation of our family's passions, fused together to bring you an authentic pasture to plate, nose to tail dining experience.

From the food and drink to the interiors, Origin City combines British fine dining and old family traditions with a touch of Scottish ruggedness and Provençal art de vivre.

Quality & Provenance

Our menu changes daily, as all of our dishes are based upon the produce we get from our family farms and what's in season. We make almost everything from scratch, including our charcuterie, sausages, and much more.

We use only pasture raised and organic traditional heritage breeds - Black Aberdeen Angus, Large Black and Tamworth outdoor-reared pigs, and Texel lamb - from our family farm in Argyll, Scotland.

Our seafood comes from our sister aquafarm, Loch Fyne Oysters, and in keeping with our ethos, our wine list also features many wines from our own organic family vineyard, in Provence.
