WHAT IS ESTER?

Ester is a concept bringing together award winning mixologists, booze education, world class hospitality and takeaway drinks. Inspired by the ancient longhouses from cultures around the world and at home. Large communal tables bring together our community

Turn a corner in Camden Market you will find Ester. Out on the terrace you're greeted by a slick spirits expert delivering craft booze and cocktail samples to passers by whilst guests are kicking back enjoying Spritz's, slushies, and ice cold stiff drinks with a steady baseline emanating from within.

Laid back, high energy service, the best drinks in town, that not only look good and taste great, but make you feel awesome. Drinks that consider the drinker, the planet, and the community with an equal focus on alcoholic and non alcoholic.

Inside the two custom 18pax tasting tables are always full with cocktail masterclasses, craft spirit tastings and supper club pop ups.

Stay in and grab some small plates and a great time, or swing by for an instagrammable slushie to go, or restock your home bar with craft beer, natural wine and independent spirits.
