Green Leaf Tea

An exquisite Chinese green tea that is meticulously hand-rolled. The leaves are fired in a wok over charcoal in the same way it has been produced for 3000 years. Clean and refreshing, this tea is the antithesis of bitter, mass-produced green teas.

Jasmine Silver tip Tea

The finest White Silver tips scented with fresh jasmine flowers. Not flavoured and containing no additives. The delicate silver tips absorb the scent of fresh jasmine flowers over six consecutive nights. Once the preserve of Emperors, this is simply the finest jasmine tea available anywhere.

China White Leaf

A pure white China tea from Fujian Province. Entirely hand-made from tender spring buds and new leaves. Like White Silver tip it has a gentle sweetness combined with fresh grassy notes – but the open leaves give a deeper flavour and a hint of peach.

English Peppermint

A rare English peppermint grown in Cornwall on the ancient Tregothnan Estate, this is one of the very last English mints in production. It has a strong peppery nose with a smooth balanced flavour.
