## NEW YEAR at Hyll

Two nights of warmth, wonder and well-fed celebration in the heart of the Cotswolds. A calm, characterful way to begin again. You bring the wellies and the appetite. We'll take care of the rest.

## NEW YEARS EVE

A turning of the year, marked not by countdowns and clamour, but by feast, fire and a little wildness.

Arrival begins with a glass in hand, the mood set for what's to come.

The evening unfolds into a lavish New Years supper, celebratory, unapologetically indulgent.

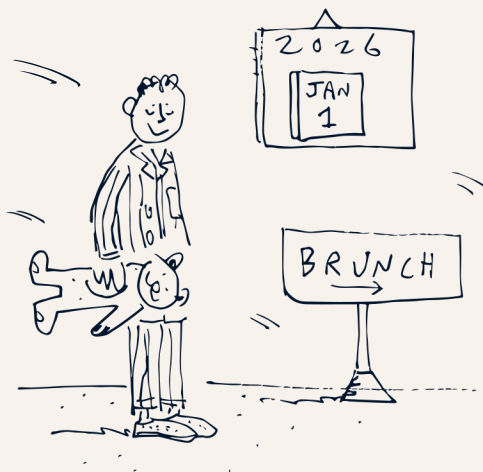

At midnight, fire dancers take to the lawn, flames meeting winter sky, while inside the bar and restaurant a DJ carries us from 10pm to lam.

## NEW YEARS DAY

New Year's Day opens gently. A complimentary meditation arrives on your phone – a quiet reset for the year ahead – while hangover cures wait discreetly at your door.

Between 10am and 2pm, a long, pyjama-clad brunch stretches out, unhurried, before gathering again in the evening for a comforting New Year's dinner.

Two days to revel, restore, and step into the year at your own pace.
