Sercial, Madeira, Vintage, 1964

Karst

Karst is produced by former-schoolteacher-turned-cheesemaker Siobhan Ni Ghairbhith in the town of Inagh in County Clare. Made with goat's milk it is a fairly loose textured, mild and creamy.

Riseley

A testament to the power of maturation and its influence on the flavour and personality of this soft sheep's milk cheese. Bold and savoury with hints of smoky bacon.

Westcombe cheddar

Cheddar has been made at Westcombe farm since the late 19th century. Mellow but complex in flavour, Westcombe Cheddar has long brothy notes and hints of hazelnut, caramel and citrus.

Tunworth

Tunworth is a particularly rich cow's milk cheese with vegetal truffle notes, sometimes with a hint of roasted nuts.

Pevensey blue

A soft, creamy and rich tasting blue cheese made with milk from cows that graze the Pevensey Levels in Sussex. A delightful Gorgonzola Piccantelike cheese with a creamy hazelnut aftertaste
