

“At 21, we believe a thoughtfully chosen wine can turn a great meal into something unforgettable.”

This list has been carefully curated by our team - drawing on wines we know and love, alongside new discoveries we’re excited to share.

Organised by style rather than grape or region, it’s designed to help you find the right wine for your meal. Whether that’s a bright, refreshing white to match our seafood, a soft and elegant red to go with poultry or a bold, full-bodied wine for something richer.

Every bottle has been selected not just for its quality and expression of place, but for how well it pairs with the dishes on our menus.”

Toasting

Started in ancient Rome when the Romans sustained the Greek tradition. They would drop a piece of toasted bread into the wine glass to soften unsavoury tastes.
