ABOUT STABLES BAR

The Milestone's Stable Bar is an eccentric venue which combines traditional British cuisine and stunning cocktails in an equestrian-esque setting. Newly decorated, the bar is panelled with dark wood, sporting sophisticated leather and tartan-clad soft furnishings and paintings from Belgian sporting artist Elie Lambert - this hotel bar stylishly commemorates the premises original use. Green leather banquettes and moodily lit corners contrast beautifully with the natural light that streams into the high-ceilinged conservatory space.
