MARQUEES & TIPIS

Depending on how many guests you have and how you utilise Silverholme and The Coach House, you may need to hire a marquee or a tipi

We have an area of astro turf that is ideally suited for this, with electrical points, gas outlets and an area for the catering tent

All that we ask is that you use one of our recommended suppliers, which have all been carefully hand-picked to provide a premium service

We have trestle tables that are free to use and chairs for hire

CATERERS

As with our marquee / tipi providers, we have compiled a list of approved suppliers, knowing that their products and services are of the same quality standard as Silverholme Manor. Catering is not included in the venue hire prices listed on p. 19-20

Whether you are planning a 4 course banquet or Cumbrian sausage baps / pizzas we have it covered!

Our caterers all have their favourite bars and cocktails companies too - and best of all, at Silverholme **we do not charge a corkage fee.** To make things easy, we also have a Silverholme Wine Service, where champagnes / wines can be tasted in the comfort of your home and then delivered to the house prior to your arrival

We will install a Zone Array PA speaker system in your marquee or tipi so that the sound travels down and not across the waters of Lake Windermere
