THE FOOD EXPERIENCE

Created by our executive chef John Bingley and his wider team, our wedding menu options harness Cave's indulgent deep flavours, unique smoking methods and offer delicious dishes from every corner of the globe.

Forget stuffy, sit down three course dinners, the main wedding menu is an exciting sensory journey delivering huge international flavours from Korean Cowgirl and Firepit style menus created specifically for weddings that everyone will love getting involved in.

The antithesis of a traditional wedding menu, its all about pairing incredible flavours with fine-dining flair, and ultimately sharing an impressive feast with your friends and family.

Evening guests are not forgotten either, with hog roasts and grazing charcuterie board options available.
