AV options

In addition to free WIFI, we provide a range of audio-visual equipment including DJ equipment hire, uplights, smoke & haze machines and offer professional technical set up support.

Drinks

We love supporting local businesses and aim to minimise our impact on the environment. As a result, we designed our drinks packages using craft drinks produced by local breweries and other independent craft drink makers.

Wine and cocktail enthusiasts will be able to enjoy a hand-picked selection of wines and cocktails prepared by our in-house mixologists. Minimum spend options can be discussed prior to booking.

What our clients say

" The wonderful Danny and the team at Studio Z hosted our wedding party on Saturday evening! It was a total triumph and more than we hoped for! The food by Danny was delicious, the bar staff were fantastic, keeping us all in drink, and the venue itself was brilliant! Will be recommending to anyone that asks! " -
